

LET'S KISS
(AND MAKE IT BETTER)
BY MARK MAHAR
(Mark Rasmussen, Arr.)

Lyrics:

I'll draw you a bubble bath
I'll pour you sweet nightcap
We'll have a romantic evening in luxury's lap
Do ourselves a little favor...
Let's Kiss and make it better.

Take off your shoes relax
I'll bake us up a great big batch
Of chocolate chip cookies, a prelude to whoopee
Do me just a little favor...
Let's Kiss and make it better.

I'll carry you off to bed
Don't lift a single finger
Like the first time we touched
I'll love you that much
While the liquor lingers

We'll make love in the right way
Before we say goodnight hay
Let's kiss and make it better.
